PURSE LIFTED

**AND VISITOR IN CITY LOSES
MONEY FIRST THING.**

Opened Satchel to Get a Street Car
Transfer Slip and Her Purse
Disappears.

Miss Lillian Leach of Wingo, who is visiting Mrs. Florence Hoyer, at 1018 Trimble street, was made the victim of a purse snatcher.

Miss Leach was riding uptown from the Union station when she lost her purse, containing a \$20 bill but she did not discover the loss until she reached Broadway.

She had to transfer three times and she opened her hand satchel to get out her transfer slip once or twice. When she reached Fourth street and Broadway she walked down Broadway a little way, while waiting for her car. She opened her satchel again and noticed the absence of her purse.

She immediately notified the police. The purse was small, and colored blue.

PACKERS IN SECRET SESSION

Confer With Agricultural Officials on
Labels for Products.

Washington Sept. 1.—A secret conference is being held here by representatives of the packers and officials of the Agricultural department to determine what labels will be satisfactory under the law. The conference is being held in closed doors with Dr. Melvin, chief of the bureau of animal industry, acting as bonnet. The secrecy observed, the determination of the packers to exclude the public from their confidence and the co-operation of the officials of the agricultural department in withholding the formulas used in the preparation of articles of food have created much concern here.

BURGLAR TAKES A DROP OF TEN FEET

Investigates a Pile of Papers
and Leaves.

Object of Intruder, Who Went to
such Pains, Is Mystery Owners
Cannot Solve.

STOLE NOTHING FROM SHOP

Without any evident purpose in the effort, the tin shop of W. L. Barry & company, 202 Kentucky avenue, was burglarized Thursday night. Whoever the intruder was, he did not care for anything in the shop, and it is the theory of the owners that he was looking for valuable papers, or business secrets.

Yesterday morning, when the shop was opened as usual for the day's work, it was noticed that the back door had been forcibly opened and a curtain on a window in the office at the front of the shop had been torn to pieces.

Tiptoe into the shop from the rear, it is necessary to make a drop of ten feet from the roof of an adjoining house. Once down in the passage way a comparatively easy matter to open the door of the shop. Nothing at all was missing. The desk in the office had not been tampered with. A file of bills was torn from the hook beside the desk, and it is presumed that the burglar tore the chain down to get light from the street electric light, or to see if the way was clear. He left the way he came.

Until he was looking for papers or the books nothing having been taken a clear theory has been advanced.

lowing Vote for Union.

Knoxville, Tenn., Sept. 1.—Knoxville presbytery of the Cumberland Presbyterian church, in session near Maryville, Tenn., by a vote of 21 to 11, after an exciting debate, decided to join the union with the Presbyterian church. George Boatman, of Woodlawn, Tenn., withdrew from the presbytery as soon as the vote was announced.

He said that he was in a room when she shot herself but later declared that he was in the yard when she was fired and went inside and his mother died.

WHAT BRYAN DID BY HIS ADDRESS

Brought Down Criticism of
Many Party Men.

Confusion Follows His Advocacy of
Dual System of Railroad
Control.

STOCKS IN LONDON AFFECTED.

New York, Sept. 1.—William J. Bryan's advocacy of the dual ownership scheme for American railroads has in one day accomplished several things. It drew upon Mr. Bryan the fire of several prominent Democrats, who object to his new departure. It started a discussion which is not only country-wide, but world-wide in its scope.

The Herald this morning presents the results of an effort to get the sentiment of the country. Dispatches from many cities; interviews with men in every walk of life; letters from public men belonging to the Democratic and Republican parties are given below:

Henry Watterson, who has been very friendly to Mr. Bryan, takes issue with him squarely. Gov. Folk criticizes the state ownership of railroads, but pays tribute to Mr. Bryan. Senator Bailey, of Texas, while refusing to be interviewed, made it known in Washington that he considered the objections to the proposals so fundamental as not to admit of discussion. Democratic members of congress from the south are inclined to oppose the government ownership of trunk lines.

Gov. Cummins, of Iowa, is in a receptive mood, and believes there will be very wide discussion of the subject. Henry Claws, of this city, thinks Mr. Bryan's stand on this question will compel President Roosevelt to accept a second nomination.

Business and financial interests in this and other cities refuse to discuss seriously the prospect of the government and the state owning the railroads.

Stocks in London went up on the news from Madison Square. There was a ripple in Wall street.

There was nothing like the bitter denunciation indulged against Mr. Bryan in his two presidential campaigns. Most of those interviewed did not believe Mr. Bryan could be elected on the issue, and a good many of them did not believe he would force government ownership even if he were elected and carried the senate and house of representatives with him.

BRYAN IN NEW ENGLAND.

Large Crowds Hear Him at Ex-
Point.

New Haven, Conn., Sept. 1.—The visit of Wm. J. Bryan to Connecticut today must have strongly reinforced him of the strenuous days of presidential campaigns for the first time. He was the center of a whirlwind of activity. Everywhere he was greeted by throngs of people. He was received at the station by a large number of people. He was here and in Bridgeport, where he was received by a large number of people. He was here and in Bridgeport, where he was received by a large number of people.

MUST BE LABELED BEFORE SHIPPED

Canned Goods in Stock, Cannot Be Inspected.

After October First Packers Will Have to Take Chances With Present Supply.

SECRETARY LAYS DOWN LAW

Washington, D. C., Sept. 1.—Secretary Wilson assured the representatives of the meat packing interests of the country, with whom he continued his conference today that he had no authority to extend beyond the first of October, the placing of labels on canned goods or other meat products.

He told the packers finally that they must be prepared on that day to properly label their goods or they would not be permitted to send them through the channels of interstate commerce.

The question was raised as to the status of goods now on the shelves of wholesale and retail merchants of the country. The secretary said it was manifestly impossible for the government to inspect them and that the owners or holders of the foods, he suggested, would have to take their chances on selling them.

One thing was certain, they could not be shipped from one state to another. The law, however, does not prohibit their sale where they happen now to be.

The disposal of such goods depended upon the desire of the consumer. Wilson said that the packers were anxious to conform in all respects to the law and that the conference had made evident the fact that some of them would be unable to comply with all of its provisions by the first of October, because they had not been sufficiently forewarned in their preparations.

The men, necessarily would be obliged to operate within their state line until such time as they are prepared fully to meet the requirements of the meat inspection act.

How about your eye glass? AN EYE GLASS SHOULD FIT LIKE A GLOVE.

It should mould itself to the anatomy of the nose—hold the lenses accurately and securely before the eyes. It should be completely secure, inconspicuous and neat.

LIVING STATUE BAFFLES DOCTORS

Strange Mental Malady of a Young Wife.

Sits Immobile and Never Responds
to Pitiful Appeals of Her
Husband.

GIRL HORSEWHIPS A JUSTICE

Toledo, O., Sept. 1.—Mrs. Anna Fuzee "the living statue," was removed today to the State hospital for the insane. Like as much dead weight her form was lifted by two deputy sheriffs and carried to a buggy waiting outside. She was placed upright against the seat and did not move a muscle during the entire ride.

When they reached the hospital the woman was carried into the receiving room, and a number of physicians called for consultation in an effort to ascertain the peculiar form of insanity with which she is suffering.

The case is a pathetic one. She is 26 years old, and until several months ago was a native of Hungary, where she was married. Her husband not being satisfied with conditions in his native country came here to seek his fortune, and later sent for his wife. She arrived, but it was soon discovered she was insane. The long journey across the sea, long for her husband, and a desire for the familiar scenes of her home had unbalanced her mind.

For several weeks she has been growing worse, and now is suffering from a rare kind of dementia, which renders her incapable of moving, eating, speaking or doing anything unless forced.

When the husband called today at the county jail to bid his wife good-bye the scene moved the jailers to tears. Despite the pitiful pleading of her husband and his protestations of love the woman stood an immovable statue and refused to talk.

Horsewhipped Justice.

Washington, Sept. 1.—With the town constable looking on, and surrounded by a score or more of friends who urged her on, Lucy Grove, a pretty young woman of Vienna, Va., this morning horsewhipped August Hennin, a justice of the peace of that place. The girl was soon overpowered by Hennin, and before the onlookers could interfere in the final scuffle the girl was thrown to the ground. Her left arm was dislocated. The attack was the result of a decision rendered by the squire against the young woman last week.

Prof. Tyler, of Amherst college, said recently: "A man can live comfortably without brains; no man ever existed without a digestive system. The dyspeptic has neither faith, hope or charity." Day by day people realize the importance of caring for their digestion; realize the need of the use of a little corrective after over-eating. A corrective like Kodol For Dyspepsia. It digests what you eat. Sold by Lang Bros.

HERE IS MY OFFER.

I Will Cure You of Dandruff in Six
Days or Money Back.

Here's an offer that no man or woman need be ashamed to accept—it is an offer that I am most proud to make, I am the discoverer of Parisian Sage, the one great remedy that is responsible more than anything else for the wonderfully healthy and excellent condition of the hair of the French people, most of whom use Parisian Sage.

I have always claimed and have thousands of times proved that the best and easiest way to preserve the hair is to kill the dandruff germs with Parisian Sage.

Now, if you have dandruff and you don't get rid of it you are going to be bald some day just as sure as the sun will rise tomorrow.

Dandruff germs kill the hair—Parisian Sage kills the germs promptly—cleans the scalp of all diseases—makes the hair grow soft and luxuriant, stops falling hair and is the cleanest and most refreshing hair dressing made. I have come to America to prove this to intelligent people, and I want to prove it to you.

I have appointed W. C. McPherson my agent in this city and have instructed him to back up my great offer. If Parisian Sage does not cure you of dandruff in six days he will give you your money back. Parisian Sage for American people is made in my laboratory at Rochester, N. Y., in order to avoid the heavy export duties. If you have no drug store handy I will send you a bottle of Parisian Sage, charges prepaid, on receipt of 50 cents, stamps or silver.

The gauge registered a stage of 11.9 this morning a rise of 0.2 in the last 24 hours. Weather clear and hot and business at the wharf good.

Scarcely big enough, one would think, to survive the waves from the Dick Fowler, the Mountain Boy with its companion houseboat Mountain Girl, are on the ways for repairs. The Mountain Boy is a stern-wheel boat operated with gasoline power. The Mountain Girl is a houseboat and general merchandise store combined. These two boats ply up and down, in and out, of all the waterways from the lakes to New Orleans and from Pittsburg to Leavenworth, Kan. They occupy among the big boats relatively the same position that the peddler occupies among the big merchants, in fact it is a peddler boat. In the store there are groceries, queensware, hardware and a vast variety of things to attract the eye of the class of trade they sell. The queensware is gorgeously tinted and gilded.

Mr. and Mrs. John Golden run these diminutive boats. Mrs. Golden has the distinction not possessed by a dozen women on the river, that of being a licensed pilot. Mr. Golden is a licensed engineer. Two women were licensed as pilots in Pittsburg recently and these with, perhaps, a half dozen others, are the only possessors of that distinction. The Mountain Boy, is not much more than 40 feet long. Its size enables it to go into the bayous and creeks in the lower Mississippi country which affords a good trade. They probably will leave Tuesday for the Lower Mississippi.

Smoke rising from a cauldron. An uncertain figure hovering over the cauldron mumbled indistinctly. Vague movements in the background where no moving can be heard. No, the were not out at the wharf, added night. The figure hovered, the cauldron was not deliriously invoked to spirits. The is in the background were restless midnight prowling of the robed souls. John Street, night, w. master, was smoking mosquitoes. He used an old coffee-pot. The movements in the background were the officers on the Dick Fowler seeking relief from the monstrous mosquitoes which stormed the wharf last night. The mumbled heard from that direction was their gentle swearing.

With the arrival of the Savannah from St. Louis tonight on the up-trip to the Tennessee river, the last time that boat will come to the city, but one, will have arrived. The Savannah has been chartered to the Arkansas River Packet company to run in the Memphis and Vicksburg cotton trade. It is said that the City of Memphis, owned by the same company that owns the Savannah, the St. Louis and Tennessee River Packet company, will take the place of the Savannah in the Tennessee river trade. The City of Memphis has not been operated for two years having been tied up during that period at St. Louis. The Savannah will remain in the lower Mississippi river trade until the completion of the Arkansas River Packet company's new boat, the S. S. Brown, which is being built at Pittsburg and will be finished in November.

The Kentucky will leave for the Tennessee river this evening at 6 o'clock. Three cars of hickory strips were among the cargo of the Kentucky this trip. They were destined for Flint, Mich., to be used in the manufacture of buggies.

A new deck is being built on the Harvester at the ways and all rotten timbers are being replaced. Two more barges were docked today one for the West Kentucky Coal company and one for the Ayer-Lord Tie company.

The Buttrick will arrive from Nashville Sunday night and leave Monday morning at 12 o'clock for Clarksville.

The John Hopkins arrived and departed for Evansville today.

The Dick Fowler got away at 8 o'clock this morning for Cairo and will return tonight at the same hour. The Russell Lord and the Margaret, probably will arrive out of the Tennessee river tomorrow, and Monday. The Russell Lord will leave for the Arkansas river after ties for the Ayer-Lord Tie company.

Accused of Causing Uprising Against Jews.

Trouble Caused by Invitation to Be
Guest of Emperor William, of
Germany.

DISORDERS ARE NOT ABATING.

Moscow, Sept. 1.—The Viedomosti the leader of the reactionary press of Russia, created a sensation today by printing correspondence exchanged between M. Usefovich, who holds the rank of state councillor and who is president of the Monarchical party of Kiev, and Dr. Von Miguel, the German Charge d'Affaires of St. Petersburg.

From the letters printed, it appears that on the publication of the report that Emperor William had invited Count Witte to Wilhelmshof, Usefovich, in the name of "all factions of the Russian Monarchical party," telegraphed to the German emperor expressing great regret that "such a splendid monarch and head of the friendly German people" should receive "whom the whole Russian people regarded as being the guilty author of the miseries into which the country was plunged and the provoker of the terrorism inspired by hostility to the Jews, to whom he is friendly."

To Marry Exiles.

Sevastopol, Sept. 1.—Admiral Skrydloff, commander of the Black Sea fleet, has received a number of applications from women who desire to marry sailors condemned to be exiled to Siberia for mutiny and accompany them to their places of exile. Several such requests have been granted.

IMPORTANT CONFERENCE.

Col. Ben Weille Says He Talked With
Eastern Financiers.

Cal. Ben Weille has just returned from the east.

He said: "While in New York I had a talk with financiers on a subject directly bearing on Paducah and her chances of an increased population. If plans materialize it will mean '50,000' for Paducah in a highly short time. I am not at liberty to give out any information, but will say that the proposed interurban road was one of the matters discussed, but the principal matter in discussion is yet to develop."

Col. Weille knows what a mob means.

"I was in Philadelphia the day the depositors made charge on the big trust company which failed," he said. "I was within one square of the bank building and the crowd was so dense that getting nearer was an impossibility. Thousands of depositors tried to get to the building, pistols were displayed, angry shouts were heard from all sides. I did not remain long about this locality but made for my hotel."

In this state it is not necessary to serve a five day's notice for eviction of a cold. Use the original laxative cough syrup, Kennedy's Laxative Honey and Tar. No opiates. Sold by Lang Bros.
